

# Capriccio®

- Capriccio Nocellara dell'Etna are Green Cracked olives.
- They have been manually split to allow the marinade of the oil to infuse faster into the flesh of the olive and have all the nutrients from the rich volcanic Etna soil.
- Capriccio Whole Black Gaeta olives are named after the town of Gaeta, south of Rome, Italy.
- Oval in shape they have a soft mellow flesh bursting with flavour.
- All olives are ideal as an appetiser, perfect to use in salads, sauces, pasta dishes, casseroles and pizza topping.
