- All are made from cow's milk.
- Scamorza is made in the same way as mozzarella. This cheese melts well because it is less watery than fresh mozzarella. Also available in Smoked.
- Lavato is a washed rind cheese (Taleggio style) and is matured for 4-6 weeks. This cheese combines the beauty of a pale orange rind with a golden soft centre and a wonderful pungent aroma.
- Squacquerone is a wobbly, fresh rindless cheese with a delicately tangy taste. It is also very similar to stracchino or crescenza. This super creamy cheese is ideal for spreading on fresh bread, fillings for pasta, great on pizza and in desserts.
- Burrata Hand Stretched is a fresh cheese made from hand stretched Mozzarella cheese that is hand tied to seal the creamy stracciatella.
- Ideal for antipasto, platters, salads, on pizza, pasta, risotto and various side dishes.
